Drage kolege,

Sa velikim zadovoljstvom Vas pozivam na 2.Kongres ginekologa i opstetričara u organizaciji Udruženja ginekologa i opstetričara Republike Srpske koji će se i ove godine održati u našoj lijepoj Banjaluci. Odabrali smo da naš životni poziv bude posao koji zahtijeva stalnu edukaciju i primjenu savremenih dijagnostičkih i terapijskih procedura. Cilj organizacije ovakvih skupova je razmjena informacija i iskustava od eminentnih stručnjaka iz zemalja u okruženju i inostranstva koji rade u različitim zemljama. Istovremeno organizacija ovakvih skupova je i velika odgovornost prema kolegama, struci i našim pacijentkinjama. Trudili smo se da na jednom mjestu čujemo šta je to što savremeni vodiči predlažu kao i naše krovne institucije, a koji su to ograničavajući faktori u sredinama u kojima radimo.

Zahvaljujem se svima koji će naći vremena i svojim prisustvom i znanjem pomoći da ovaj kongres bude organizovan na najvišem nivou i da ispuni očekivanja.

Naravno, u prelijepoj Banjaluci, u mjesecu aprilu naći će se vremena za druženja i zabavu.

Do skorog vidjenja,

Besna Ećim - Zlojutro
Prof. dr Vesna Ećim-Zlojutro

predsjednik Udruženja ginekologa i opstetričara RS

Dear colleagues,

It is with great pleasure that I invite you to the 2nd Congress of Gynecologists and Obstetricians organized by the Association of Gynecologists and Obstetricians of the Republic of Srpska, which will be held this year once again in our beautiful Banja Luka.

We have chosen, for our life calling, a job that requires constant education and application of modern diagnostic and therapeutic procedures. The purpose of organizing these conferences is to exchange information and experiences from eminent experts from countries in the region and abroad who are working in different countries. At the same time, organizing such meetings is also a big responsibility to our colleagues, the profession and to our patients. We tried to gather in one place all the information that modern guidelines and our main institutions propose, as well as which are the limiting factors in the environment in which we work.

I thank everyone who will find the time and with their presence and knowledge help this congress to be organized at the highest level and to meet all expectations.

Of course, in the beautiful Banja Luka, in the month of April there will also be time for socializing and fun.

Kind regards,

Besna Ećim - Zlojutro

Poštovane kolegice i kolege, dragi prijatelji,

Velika mi je čast da vam u ime Udruženja ginekologa i opstetričara Srbije, Crne Gore i Republike Srpske i u svoje lično ime poželim dobrodošlicu na XX Međunarodni simpozijum UGOSCGRS i na II Kongres ginekologa i opstetričara Republike Srpske.

Kao Udruženje, ponosni smo što smo uspeli da održimo kontinuitet saradnje i sastanaka i u vremenu pandemije kroz prošlogodišnji online XVII Međunarodni kongres podržan od strane FIGO-a, na kom su predavači bili rukovodioci FIGO-a i na kom su dve sesije bile posvećene značaju kovida-19 za našu struku. Time smo pokazali da posedujemo kapacitet da odgovorimo izazovima i da se prilagodimo novom i nepoznatom. Posebno smo radosni što imamo priliku da se ponovo okupimo uživo i nastavimo tradiciju uspešnih sastanaka.

Udruženje ginekologa i opstetričara Republike Srpske je dokazano srdačan domaćin koji se uvek do sada bezrezervno trudio da ispuni visoke standarde skupova UGOSCGRS i posebno da nas ugosti sa iskrenom toplinom i srdačnošću. Na tome smo im duboko zahvalni. Ovogodišnji jubilarni XX Međunarodni simpozijum će okupiti eminentne predstavnike naše profesije iz regiona i sveta i omogućiti nam da čujemo najnovija dostignuća i podelimo njihova iskustva.

Nadam se da će XX Međunarodni simpozijum opravdati vaša očekivanja i da ćemo svi zajedno iskoristiti ovu divnu priliku da doprinesemo ugledu i kvalitetu naše profesije.

Prof. dr Aleksandar Stefanović

Predsednik Udruženja ginekologa Srbije, Crne Gore i Republike Srpske

Dear colleagues and friends,

On behalf of the Association of Gynecologists and Obstetricians of Serbia, Montenegro and Republic of Srpska and my own, I have a great honor to welcome you to the 20th International Symposium of UGOSCGRS and to the 2nd Congress of the Association of Association of Gynecologists and Obstetricians of Republic of Srpska.

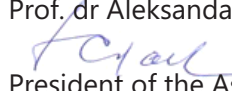

As an Association we are proud of maintaining collaboration and meetings even in the time of pandemics by organizing online 17th Congress endorsed by FIGO. On this event members of the FIGO Board of Trustees participated as invited speakers and two sessions were dedicated to covid-19 and its impact on gynecology and obstetrics. We demonstrated capacity to meet challenges and to adjust to novel and unfamiliar circumstances. We are happy for having the chance to meet again in-person and to keep the tradition of successful meetings.

The Association of Gynecologists and Obstetricians of Republic of Srpska has proved to be warm host which has never hesitated to fulfill high standards of UGOSCGRS meetings and to welcome us with undoubted warmth. We are sincerely thankful for that.

This year's anniversary 20th International Symposium will gather distinguished regional and international members of our profession and give us the opportunity to hear about latest achievements and share experiences.

I truly hope that the 20th International Symposium will meet your expectations and that this wonderful opportunity will allow us all to contribute to the to improve our profession.
