FIRST ANNOUNCEMENT

21st INTERNATIONAL CONGRESS

ASSOCIATION OF GYNECOLOGISTS AND OBSTETRICIANS OF SERBIA,
MONTENEGRO AND REPUBLIC OF SRPSKA

Dear Colleagues,

It is our pleasure to invite you to the 21st International Congress of the Association of Gynecologists and Obstetricians of Serbia, Montenegro and Republic of Srpska (UGOSCGRS). The Congress will be held on October 8-9th, 2026, in Belgrade, Serbia.

In collaboration with national societies and numerous friends from Europe and whole world we will gather great number of gynecologists-obstetricians from our region and provide them with opportunity to listen to distinguished experts giving lectures on novelties from different areas of gynecology and obstetrics. Also, Congress attendees will be able to widen connections with colleagues from wide variety of hospitals and other health institutions. The Program of the Congress encompasses sessions on gynecology, gynecologic oncology, obstetrics, perinatology, minimally invasive surgery, assisted reproductive technologies and reproductive endocrinology.

In accordance with global trends and trying to meet requirements of contemporary clinical practice, our Association has supported the foundation of Serbian society for fertility preservation and oncofertility (SSFPO) and, during our Congress, will host the 4th Symposium of SSFPO with the most outstanding international and regional experts as invited speakers, along with speakers from the Clinic for Gynecology and Obstetrics, University Clinical Center of Serbia. Taking into account the complexity of this pathology, one of the basic goals of Symposium will be to provide the opportunity to form wide network of collaborators from different institutions dealing with oncofertility.

Considering program and concept, meetings organized by UGOSCGRS are good forum to exchange ideas and information between different levels of medical professionals – from residents to experts in the field. Therefore, we invite colleagues to take part in the Congress by applying to Free Communication session.

We hope that this Congress will fulfill your expectations and that you will take many beautiful memories from it.

We will be delighted to welcome you in Belgrade.

With best wishes,

President of Association of Gynecologists and Obstericians
of Serbia, Montenegro and Republic of Srpska
Prof. Dr. Aleksandar Stefanović
